PRO-BT300 Mk2

BLUETOOTH® PTT WITH 3.5mm JACK FOR EARPHONE

ATTACH YOUR FAVORITE EARPIECE AND GO WIRELESS TO YOUR DEVICE

ProEquip's **PRO-BT300** is compatible with all your favorite communication devices like Sepura, Icom, Hytera or IOS/Android apps (e.g Zello, Kodiak, Wave, Lifeline, Eschat etc.)

The Bluetooth® adapter has Bluetooth® version 5, and this brings many benefits. Bluetooth® 5.0's primary benefits are improved speed and greater range. In other words, it's faster and can operate over greater distances than older versions of Bluetooth®.

You can use the build in microphone or connect 4-pole headset with microphone. The BT300 will auto detect if external microphone is connected in the 3.5mm jack.

Wireless Earbuds are not included.
