

ProEquip PRO-P440

EARHOOK HEADSET WITH BOOM MICROPHONE

A ProEquip earhook headset with boom microphone. The headset is available in several variants with different connectors and cables, all to suit the radio solution chosen. Together with ProEquip other range of accessories, different combinations can be created to suit the needs of both security work as well as hunting.

FEATURES & BENEFITS

- High quality microphone, delivered with sponge cover
- Hi quality speaker, delivered with two different earbuds short/long
- Reversible, fits both left and right ear
- The straight cables are black fabric cables, which is durable and does not tangle as easily as its plastic counterpart
- The coiled cables provides good freedom of movement and does not tangle easily
- The 2.5 mm version fits the ProEquip PTT adapters with 2.5mm jack
- The 3.5 version is compatible with cellphones that have the 3.5 jack and ProEquip PRO-BT300 & Nighthawk
- The Nexus version is compatible with the ProEquip PTT adapters and PRO-SP590 with Nexus Peltor configuration jacks

OPTIONAL

29431	ProEquip Clip
29644	ProEquip Earbuds
