

ProEquip Adapter Cable

SEPURA SC <=> PELTOR NEXUS, RSM CONFIG

ProEquip Adapter Cable for Sepura SC2/STP. When using this adapter cable, it uses the RSM profile and it has the same parameters as a regular RSM, but it does not work in duplex.

FEATURES & BENEFITS

- Robust Sepura side contact with metal lug for secure and wear-resistant locking to the radio
- Manufactured under hi quality controlled conditions
- Advantages of factory-made cables include higher load capacity, less risk of moisture penetration into the contact, and better electrical properties.
- ProEquip's accessory program includes a wide selection of suitable headsets and cables in different designs
