

ProEquip PRO-P180

MINI-MIC/PTT AND ACOUSTIC AIRTUBE

A ProEquip headset with transparent acoustic airtube, model "Secret Service". The headset has black coiled cables and a mini-PTT/microphone. Available in different versions with connectors for Icom and Sepura.

FEATURES & BENEFITS

- Robust PTT/mic with secure clip
- Available with different connectors, for Icom and Sepura handheld radios
- Different eartips available, such as ProEquips EarFly inserter, Open Ear insert and Noise-absorbing foam plugs in different sizes
- Comes with 3 different sizes of rubber eartips; 1-, 2-, and 3-layers
- Coiled cable that doesn't tangle as easily as its straight counterpart
