

# ProEquip PRO-C50L

## EARHANGER WITH C-SHELL

ProEquip earhanger with a clip behind the ear (C-shell), with coiled cable or FabricLine cable, available with different connectors, configured for different radio brands and ProEquips range of accessories.

### NOTE!

3.5mm connector is compatible with direct connection to Icom radio with LA/LS/LP connector provided that alarm is not used.

In cases where alarm is used, the corresponding article with the suffix -N in the article number is recommended.

### FEATURES & BENEFITS

- The earpiece fits comfortably behind the ear and is adjustable
- Depending on the model, it can be connected to various accessories or directly into the radio's accessory socket.
- Fits both left and right ear - reversible
- Available with different connectors
- With angled connector (L), the connector sit firmer in the jack to avoid that it accidentally gets pulled out
- With coiled cable that doesn't tangle just as easily as its straight counterpart (part no 29148)
- With FabricLine cables, which are durable and do not tangle as easily as plastic counterparts

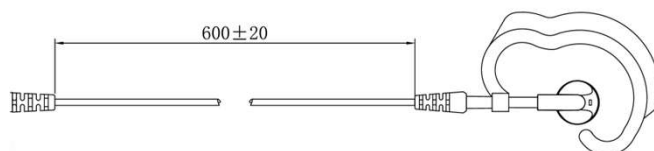

### OPTIONAL

29431	ProEquip Clip for cable <3mm
71864	ProEquip hygiene protection for C-Shell earpiece
29375	ProEquip PRO-U385 mini-PTT for Sepura
28490	ProEquip PRO-SP490 STP/SC2 RSM w 3.5mm socket
30651	ProEquip PRO-BT300 Bluetooth PTT-adapter w 3.5 mm socket
