

ProEquip Extension Cable

CABLE WITH NEXUS J11 MALE/FEMALE

A ProEquip extension cable with Nexus J11 male/female connectors. The cables are available in two versions: a 65 cm coiled version and a 200 cm straight version. Primarily used for headsets.

FEATURES & BENEFITS

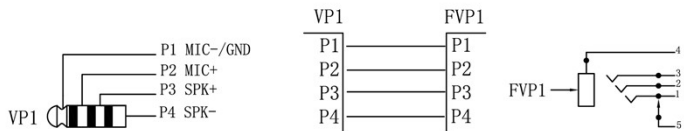

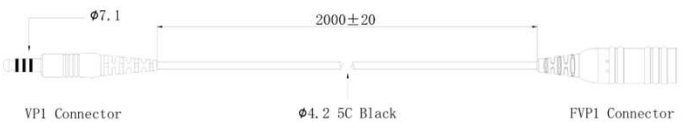

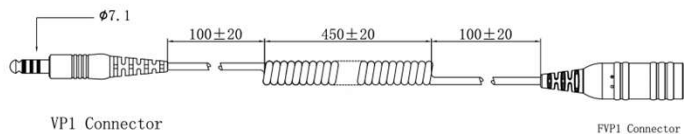

- Extend your reach: Provides extra reach for headphones, allowing you to listen to audio at a comfortable distance from the sound source.
- Flexibility and freedom of movement: Enhances freedom of movement, enabling you to move around the room without having to unplug your headphones from the sound source.
- Using a headset extension cable can be a practical and convenient solution for changing the way you use your headphones.

OPTIONAL

29289 ProEquip Large Heavy Duty Clip
