

ProEquip Coiled Cable

COILED CABLE WITH 3.5MM 4-POLE CONNECTOR

A ProEquip cable with an open end, which is stripped and has tinned wire tips, all to simplify connection to any accessory.

ProEquip's cable program includes a wide selection of cables in different designs, with different connectors and lengths.

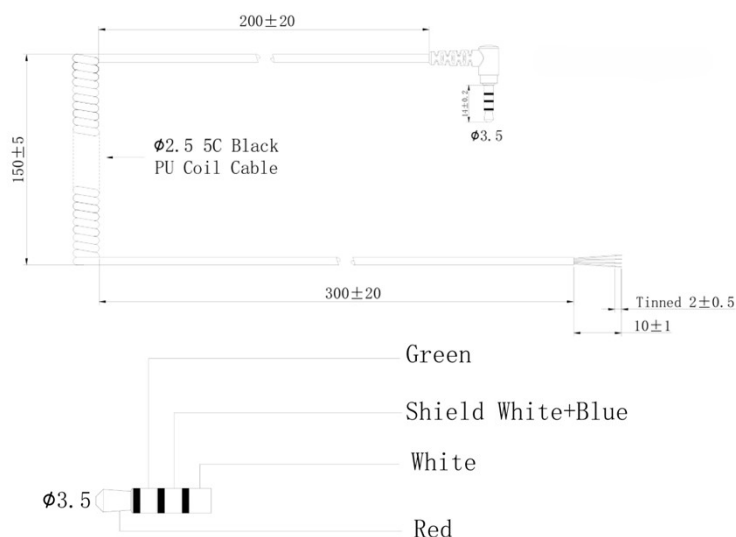

Northcom is always working on developing adaptations for different types of radios and accessories. We make many special solutions to give our customers many choices.

FEATURES & BENEFITS

- Stripped with tinned wire tips
- Manufactured under hi quality controlled conditions
- Advantages of factory-made cables include higher load capacity, less risk of moisture penetration into the contact, and better electrical properties.
- L-connector that fits more securely and isn't as easily pulled out accidentally.
- Coiled cable that doesn't tangle as easily as its straight counterpart

SPECIFICATION

Coiled Cable length: 650mm (excluding peeling)
