

ProEquip FLX2 Cable

CURLED CABLE WITH FLX2 AND NEXUS J11 CONNECTOR

A ProEquip adapter cable (FLX2 to NexusJ11), designed for connection to 3M™ PELTOR™ CH3 headsets (version -110). Provided that a ProEquip PTT adapter/remote speaker microphone is used, it also works with the CH3 headset, version -111.

ProEquip Adapter Cables with FLX2 are designed to connect with 3M™ PELTOR™ Headsets with FLX2 jack.

FLX2 cables provide simple and reliable connection to equipment for most areas of use. There are cables for Listen Only, PTT adapter for headset version and direct connection to a communication radio. All so that you can choose a solution that suits you.

FEATURES & BENEFITS

- A radio connected via an FLX2 cable to an XPI headset always takes priority—for example, if you are listening to music via Bluetooth.
- By using FLX2 cables, you can use a personal headset for various applications.
- Using an FLX2 cable can also be a practical and convenient solution for changing the way you use your headphones.
- FLX2 cables offer flexibility and ease of connection, facilitating work in noisy environments or with various types of PTT radios.
- Curled cables offer better flexibility and do not tangle as easily as straight cables.
